

Nuclear Power Products and Services

## About

Nova, a product and service brand of Curtiss-Wright Nuclear, is a full service system supplier of Metal Framing Systems, Cable Tray and Pipe Hangers and Supports for MRO and new build construction projects. With 30+ years of experience supporting nuclear utilities, DOE, DoD and industrial projects, Nova's construction product line is the best support option for all mechanical and electrical applications.

Nova inventories both nuclear safety-related and commercial grade products for fast turnaround and 24/7 support. Our team of experts develops and delivers the latest technology, procedures, and programs to help ensure continued safe operation, equipment reliability and compliance with industry and regulatory standards.

## Metal Framing Systems

*Brands - Unistrut, B-Line, PHD Channel-*

- 12 & 14 Ga., 1-5/8" x standard heights from 13/16" to 3-1/4"
- 10', 20' and precut lengths
- Solid, Slotted, Holes or Knockouts
- Plain, PG, HDG, SS, Green
- Welded back-to-back and triple channel configurations
