AP STYLE 921

**CURTISS -
WRIGHT**

AP Style 921

Style 921 is made from rubberized, woven synthetic cloth in a solid roll-up construction of either square or rectangular cross section. Groove luting is available standard or with a graphite finish.

Recommended Uses

Style 921 is an excellent alternative to asbestos luting and groove packing for door gasketing applications at temperatures to 500 °F.

Typical Properties
