

Heat Exchanger Cleaning Services

“Best in Class” Provider of Fluid Sealing Solutions

Curtiss-Wright is a leader in fluid sealing technologies and services for commercial nuclear and fossil power plants, chemical, petrochemical, Department of Energy (DOE), Department of Defense (DOD), Original Equipment Manufacturers (OEMs), and the industrial market. We are recognized as a “Best in Class” company with outstanding customer service and quality. Our numerous customer recognitions and awards include Utilities Service Alliance (USA), First Energy, and Constellation “Supplier of the Year” awards, as well as Nuclear Energy Institute (NEI) TIP awards for packing and graphite pressure seal technology.

About Our Heat Exchanger Services

Curtiss-Wright provides professional, turnkey Plate Heat Exchanger services tailored to maintain peak system performance. Our offerings include expert repair, preventative maintenance, and the supply of high-quality replacement parts to extend equipment life and reduce downtime. With a focus on reliability and efficiency, we'll help ensure your operations run smoothly and cost-effectively.

On Site Cleaning & Regasketing

Curtiss-Wright provides expert plate cleaning and frame refurbishment services for all OEM plate and frame heat exchangers, regardless of brand or size. We have the capability to clean and refurbish entire units, ensuring each one undergoes a thorough final pressure test to verify leak-free performance before being returned to service. Our flexible service process can be performed on-site at your facility or at one of our fully equipped and authorized service centers.

Other Services

- On-Site Cleaning & Inspection
- New Plates & Plate Packs
- New Gaskets & Gasket Sets
- Full Factory Reconditioning

Why Curtiss-Wright?

- **Expedited Shipping:** Curtiss-Wright offers same-day expedited shipping services for emergent demands.
- **24/7 Customer Service:** Our customer service representatives are available 24/7 to troubleshoot any questions or concerns.
- **OEM:** Curtiss-Wright serves as an OEM for packing products, graphite pressure seals, and SealPRO.
- **Subject Matter Experts:** Curtiss-Wright's subject matter experts stand ready to help you choose the best fluid sealing products.
- **200 Years of Combined Experience:** Our highly skilled fluid sealing team can provide you with unparalleled expertise from over 200 years of combined knowledge.
- **Technical Services:** Curtiss-Wright technicians can perform valve unpacks and repacks, provide oversight on packing programs, and manufacture custom gaskets with our water jet and Atom Flash cutters.
- **Software Packages:** Curtiss-Wright can provide your site with fluid leak management and inventory consolidation software programs to increase inventory efficiency and automate the tracking, trending, and reporting of leaks.
- **Quality Assurance Programs:** Curtiss-Wright manufactures products in accordance with commercial and safety-related standards.
