AP Style 399

Style 399 is a mechanically pressed grey felt manufactured from wool and wool blends. Style 399 meets all SAE specifications pending upon grade. At the proper density and firmness, felt can seal in lubricants or seal out contamination. It is one of the few materials, which will perform satisfactorily on a cost/effective basis for many packing applications.

Recommended Uses:

Felt can be used for grease seals, dust shields, and gaskets on large doors and lids.
